

WHAT'S YOUR "ING"?

FIRST FRIDAYS

**A CHAMBER OF
COMMERCE DAY**

WHAT'S NEXT?

WHAT'S YOUR "ING"?

Many of you have commented over the past few months that our website was missing vital functionality that is commonly available on other websites—Thank You! We have been working closely with the webmasters from Morgansites to help us add functionality. **What's your "ing"?** is what we are asking on our website. We should answer this question for those who do not live here. Check our website banner and send me your answers. Ask yourself: **Why do I love Lexington? What is my passion?** Our goal is to make the website more functional, highlight our businesses and celebrate our community. Processing credit card payments is only the beginning of the e-commerce functions that we will be rolling out. Visit historiclexington.com and share your improvement ideas.

FIRST FRIDAYS

On February 2, the Chamber began sponsoring First Fridays as a way to provide networking opportunities between the Chamber and its members. The only agenda item is to enjoy a cup of coffee and share ideas with other Chamber members. Each month, a different member business will be our host. I would like to again thank our prior hosts: **Nature's Backroads & Ten Twelve Main**. April will be hosted by the Lafayette Regional Health Center and their awesome cafeteria staff. **Turquoise Door Bakery** and **River Reader Bookstore** are future hosts.

All Chamber members, please, join us in the LRHC Cafeteria at 7:30AM on April 5.

A CHAMBER OF COMMERCE DAY

This was a comment that a gentleman made to me about the time that I took this picture. Because I was wrapped up in supporting all the things that needed to be overseen, I had not thought of it that way. Then it hit me, he was absolutely correct. Thanks, Tom. With all of the hard work from Taffy Morgan and her crew, the community came together for what was a textbook definition of A Chamber of Commerce Day—**"traditionally means a day with gorgeous weather that would encourage tourists to visit and companies to relocate to the area."** A true blessing. Thank you to all that participated in the Parade.

WHAT'S NEXT?
